

International Business Talent

in your Company

Your organisation is located in the province of Groningen. You want to develop your company's international business strategy. A talented young mind can support you in your endeavours.

Are you

- looking for a **top student who can add value to your team?**
- interested in an outstanding **cross-cultural communicator, with entrepreneurial and innovative thinking?**
- eager to hire an **ambitious young professional to explore international markets** for your company?

Then the International Business Talent Programme is for your company.

You will

- Get a highly-capable student to help with your international business and communication goals.
- Enhance the feasibility of your company's plans with out-of-the-box ideas.
- Benefit from applied research done by a student knowledgeable about international marketing, communication and management.
- Have a motivated student to implement his advice in your company during a six-month traineeship after graduation.
- Obtain professional coaching for the student during the traineeship to enhance his professional performance in your team.
- Get 2 IBT network meetings.

To participate in the IBT programme your company needs to provide a work station and support for the student during the graduation project. The internship fee is agreed upon with the student.

During the traineeship, your company employs the student.

Your investment in the programme is €4,000 excl. BTW, of which you can refund €2,000 with the Groninger Ondernemersregeling.
